

Statement of Corporate Support

C-TPAT stands for Customs – Trade Partnership Against Terrorism. Implemented in November 2001, C-TPAT is a voluntary joint government-business initiative to build cooperative relationships that strengthen overall supply chain and border security. U.S. Customs and Border Protection (CBP) requests that businesses ensure the integrity of their security practices, and communicate their security guidelines to their business partners within the supply chain. C-TPAT offers businesses an opportunity to play a major role in the war against terrorism, drug trafficking, human smuggling and illegal contraband and ensures a more secure supply chain for their employees, suppliers, and customers.
